

ART 3: CREATIVE LETTERING

Creating art using letters is one of the most versatile ideas you could work with. Google: Letter Art Composition, Calligraphy, Typography, Graffiti, Letter Design, etc. and just look at the variety that comes up!

Your challenge with this project is to use letter forms to create an artwork. The options are endless! You may not copy any specific artwork, but you may be inspired by several and add your own creative twist.

Sketch 3 ideas in your sketchbook. Mediums you may use: pencil, ink, colored pencil, watercolor, tempera or a combo of any of them. COMPOSITION IS VERY IMPORTANT - PAY SPECIAL ATTENTION TO THE DESIGN OF THIS PROJECT.
