

ART 4: INNOCENT/SINISTER

The work of contemporary artist Kelly Reemtsen inspired this assignment. One of the themes of her work is to paint women in dresses holding tools.

Some of the paintings seem innocent and fun...and others have a threatening mood to them.

YOUR ASSIGNMENT: Choose an item that has an innocent connotation and one that is sinister. Find a way to combine them together into one work in an interesting way.
(You do not have to have people in your work - it can just be objects.)
